Meeting Agenda

- Summary of Project Status
- CSS Process & CAG Activities
- Recap of Previous Meetings
- Preferred Alternative Details
- Schedule
- Closing Comments

Summary of Project Status

- Stakeholder Meetings conducted as part of Context Sensitive Solution Process.
- Geometric Alternatives studied for determination of preferred roadway segments, intersections and local access.
- Access provisions / control and roadway network circulation evaluated.
- Consensus of a preferred concept to be finalized by Project Study Group through Stakeholder, CAG and jurisdictional agency input.
- Design (Phase II) to be initiated next year after completion of Planning (Phase I) and receipt of design approval from FHWA.
- Construction Funding still not programmed in current Multi-Year Program.

CSS Process & Pending CAG Activities

- Stakeholder Involvement Plan
 - CAG concurrence on preferred alternative
 - Public Hearing of final improvements
 - Identification of any commitments to include in project report

Recap of CAG Meeting #2

- Hazel Dell west access back to South Sixth Street – BL 55
- Lincolnshire west extension and Sixth Street west connection
- Direct Right-In access along corridor
- St Joseph & Sixth Street west intersection
- Thornton's gas station and Sixth Street west access
- Stanford Avenue auxiliary lanes and bike accommodations
- Springfield Regional Planning Commission's Travel Demand Model

Recap of Public Meeting #2

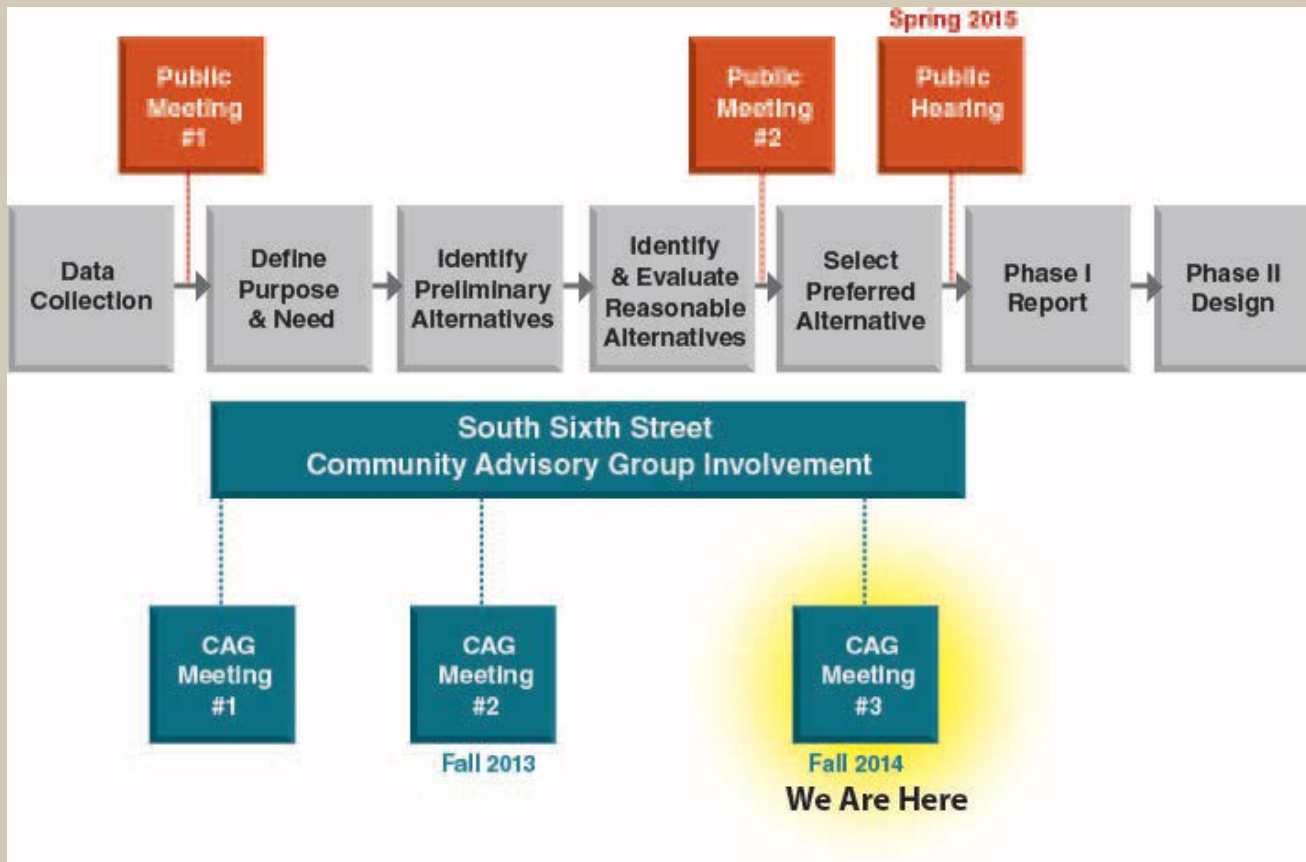

- Curved alternative for the Lincolnshire Boulevard extension
- Right-in / Right-out at Hazel Dell west
- Bike and pedestrian accommodations along 6th St West
- Maintaining Thornton's intersection / access to 6th Street
- Various drainage problems along corridor
- Pedestrian, Bike & ADA Accessibility

Revised Concept of Preferred Alternative

Discussion of preferred corridor alternative

“Walk-Through” of proposed corridor
improvements
